Yarrow

BOTANICAL NAME

Achillea millefolium

ABOUT THIS HERB

Yarrow is a hardy flowering herb that has been used in traditional herbal preparations for centuries. Its delicate white flowers and feathery leaves have made it a familiar and respected plant in herbal traditions around the world.

TRADITIONALLY USED FOR

- Supporting digestive comfort
- Traditional herbal tonic
- Promoting general wellbeing
- Menstrual cramps
- Blood Flow Regulation
- PMS Relief

SUGGESTED USE

Adults: Take 40 drops, diluted in a small amount of water, up to three times daily. Shake well before use. Do not exceed the suggested amount.

Drop guide: 20 drops ≈ 1 ml using the supplied pipette

INGREDIENTS

- Yarrow (Achillea millefolium)
- Extracted in 40% alcohol
- Initial herb-to-menstruum ratio: 1:10

STORAGE

Store in a cool, dry place away from direct sunlight.
Keep tightly sealed after opening.
Keep out of reach of children.

SAFETY

Not recommended during pregnancy or breastfeeding, or for children under 12 years.
Do not use if allergic to Yarrow or other plants in the Asteraceae family. Consult a healthcare professional before use if taking medication or managing a medical condition. Discontinue use if any allergic or other adverse reaction occurs.

Using Herbal Tinctures

Herbal tinctures are concentrated botanical extracts designed for convenient everyday use. Following a few simple guidelines will help you enjoy your tinctures safely and make them part of your daily wellness routine

SHAKE WELL

Gently shake the bottle before each use to ensure the natural herbal extract is evenly mixed.

MEASURE CAREFULLY

Use the suggested amount shown for your individual tincture. Measure liquid doses carefully using the supplied dropper.

TAKE AS DIRECTED

Follow the suggested use for your individual tincture. Where directed, dilute the measured amount in a small amount of water.

FOLLOW THE SUGGESTED USE

Follow the usage and safety guidance provided for your individual tincture. Do not exceed the recommended amount.

STORE CORRECTLY

Keep your tincture tightly sealed in a cool, dry, dark place away from direct sunlight and heat.

ASK IF YOU'RE UNSURE

If you have any medical concerns or are taking medication, seek advice from a qualified healthcare professional before use.

Nature works best when used with care and consistency.

Storage & Safety

Proper storage and responsible use help preserve the quality of your tinctures. Please follow these simple guidelines.

1. STORE COOL AND DRY
Store your tincture in a cool, dry place to help maintain its quality and potency.

2. KEEP AWAY FROM DIRECT SUNLIGHT
Protect your tincture from heat and direct sunlight, which can affect the natural properties of the herbs.

3. KEEP TIGHTLY SEALED
Always ensure the bottle is tightly sealed after each use to prevent contamination and evaporation.

4. KEEP AWAY FROM CHILDREN
Store all tinctures safely out of reach of children at all times.

5. PREGNANCY & BREASTFEEDING
Some herbs in the Alchelibrium range should not be used during pregnancy. Always check the safety information for your individual tincture before use.

6. CHECK WITH A HEALTHCARE PROFESSIONAL IF TAKING MEDICATION
If you are taking medication or have a medical condition, seek advice from a qualified healthcare professional before use.

A GENTLE REMINDER
Herbal tinctures are intended to support general wellbeing and are not intended to diagnose, treat, cure or prevent any disease. Always use responsibly and listen to your body. Discontinue use if any adverse reaction occurs.

Frequently Asked Questions

Here are some common questions about our herbal tinctures. If you have any other questions, please don't hesitate to get in touch.

WHAT IS A TINCTURE?

A tincture is a concentrated liquid herbal extract made by soaking herbs in a mixture of alcohol and water to draw out their beneficial compounds.

WHY IS ALCOHOL USED?

Food-grade alcohol helps to efficiently extract the active constituents from the herbs and acts as a natural preservative, helping your tincture stay fresh for longer.

HOW DO I TAKE IT?

Each tincture has its own suggested use. Measure the recommended amount using the dropper and take according to the individual product directions. It may be diluted in a small amount of water if preferred.

CAN I MIX TINCTURES?

Some herbal tinctures may be used together, but suitability depends on the individual herbs, amounts used, medications and personal health circumstances. Check the safety information for each product before combining tinctures and consult a qualified healthcare professional if unsure

HOW LONG DOES IT LAST?

Alcohol-based herbal tinctures generally have a long shelf life when stored correctly. Keep tightly sealed in a cool, dry, dark place and refer to the best-before information provided with your product.

WHO SHOULD AVOID HERBAL TINCTURES?

Suitability differs between herbs. Pregnant or breastfeeding women, children, people taking medication and those with medical conditions should check the individual product safety information before use and seek professional advice where appropriate.

A GENTLE REMINDER

Herbal tinctures are intended to support general wellbeing and are not intended to diagnose, treat, cure or prevent any disease. Always use responsibly and listen to your body.

ALCHELIBRIUM
